FOR IMMEDIATE RELEASE: FEBRUARY 4, 2016

## **Sioux City Foundry Co. Now a Proud Member of the Hardox® Wearparts Team**

SIOUX CITY, IOWA (FEBRUARY 4, 2016) – Sioux City Foundry is proud to announce its partnership with SSAB as a Hardox® Wearparts team member. SSAB, a global leader in the production of value-added, high-strength steels, has selected Sioux City Foundry as a Hardox® Wearparts manufacturer. **Sioux City Foundry** will host a welcoming ceremony **Tuesday, February 9th, 2016 at 1:30 p.m.** at its **Plant 1** location in **Sioux City, IA**, which will include presentation of the certificate and flag raising.

Hardox® Wearparts, a globally recognized brand is the world's leading provider of wear parts and wear services. Its extreme wear-resistance and lightweight properties make this partnership very beneficial. As a customer of Sioux City Foundry, you can order new Hardox® Wearparts based on your drawings and instructions, or select from a wide range of other replacement parts for your equipment, all of which can dramatically increase performance and service life. This relationship with SSAB can benefit Sioux City Foundry customers in a wide variety of industries, including: agriculture, construction, heavy transport, energy, and mining.

“We are very excited. Our partnership with SSAB will bring great opportunities for us and our customers,” says Andy Galinsky, C.E.O., Sioux City Foundry. “Both Sioux City Foundry and SSAB have a long-proven history of providing quality products and services, that the relationship seemed like a great fit.”

SSAB is a highly specialized, global steel company, based in Stockholm, Sweden. SSAB Americas is its market-leading North American steel producer of high-quality heavy plate.

A family-owned company approaching 150 years of experience, Sioux City Foundry sets themselves apart through a personal commitment to better quality, service and reliability. Sioux City Foundry is your complete metal source. Recognized for exceptional on-time delivery, short lead times and award-winning customer service, Sioux City Foundry is the benchmark of excellence.
